Career Objective

Motivated Computer Science Engineering graduate and aspiring Full Stack Developer, skilled in frontend, backend, and database technologies. Eager to design scalable web applications, solve real-world problems, and contribute effectively to innovative software development teams.

Education

B.Tech. – Computer Science & Engineering
Sri Venkateshwara Engineering College, Suryapet | 2021–2025 | CGPA: 7.25

Intermediate (MPC)
Gowthami Junior College, Nalgonda | 2019–2021 | 97%

SSC
Alpha Public School, Nalgonda | 2019 | CGPA: 9.7

Technical Skills

Frontend: HTML, CSS, JavaScript (React.js – in training)

Backend: Java (Core & Advanced), Servlets/JSP (Spring Boot – in training)

Database: SQL, MySQL

Tools & IDEs: Eclipse, VS Code

Projects

Online Bookstore Website (Full Stack Project): Developed using Java Servlets, JSP, and MySQL with features like book catalog, user authentication, and order management.

Driver Drowsiness Detection (Mini Project): Implemented using Convolutional Neural Networks (CNN) with a web-based interface for real-time monitoring to improve road safety.

Crowdfunding Platform (Major Project): Built using Blockchain technology with secure backend and database integration to ensure transparent fundraising.
